

COVID-19 POLICIES & PROCEDURES IN THE AXWORTHY HEALTH AND RECplex

As part of The University of Winnipeg campus, our recreational facilities will gradually reopen in alignment with the overall institutional plan. Our institution-specific plan is driven by UWinnipeg's academic mission and complies with public health guidance. The health and safety of users is our top priority.

All users will be required to review and adhere to the COVID-19 policies and procedures listed below and the [RecPlex user rules](#). It's the responsibility of the league or the group's representative to share this information with all their participants.

The Recreation Services management team developed a re-opening plan that ensures optimum cleanliness in our facilities, the opportunity to play safely and physically distance as much as possible. RecPlex staff will be on site to guide users and will be available to answer any questions. We want to thank all our users for their cooperation as we implement these new policies and procedures.

COVID-19 PRE-SCREENING TOOL:

- Prior to coming to our facility, please review the Province of Manitoba's COVID-19 pre-screening tool (<https://sharedhealthmb.ca/covid19/screening-tool/>). If you have any symptoms, do not enter the facility.
